

Capability Statement

Company Overview:

At Breakthru Ventures, we are at the forefront of transforming government and businesses through exceptional IT cloud consulting and training services. With a commitment to excellence and a passion for technology, we empower organizations to harness the full potential of cloud computing for enhanced efficiency, innovation, and growth.

Capabilities

Experts In:

- Specializing in crafting tailored cloud strategies for federal agencies that align with government standards and objectives.
- Developing training programs to empower government staff with the skills needed to maximize the benefits of new technologies
- Guiding government agencies through digital transformation, helping them embrace emerging technologies for enhanced citizen services.
- Devising comprehensive IT strategies aligned with government objectives

Differentiators

Leading the way...

Multi-Cloud Proficiency:

We are well-versed in multiple cloud platforms, including AWS, Azure, Google Cloud, and more. This expertise allows us to recommend and implement the optimal multi-cloud or hybrid cloud solutions tailored to clients' needs, avoiding vendor lock-in and optimizing cost-efficiency.

Industry Partnerships:

We collaborate with leading tech companies and organizations to provide participants with insights into the latest tools, technologies, and best practices directly from industry experts.

Cutting-Edge Technology Focus:

We constantly update our training content to reflect the latest advancements in technology. Our focus on emerging trends, such as AI, cybersecurity, cloud computing, and more, ensures that our participants remain relevant in a rapidly evolving IT landscape.
